

Welcome to Year 5

Welcome to Year 5. This is a year of exciting opportunities, fantastic experiences and challenge!

Pupils in Year 5 are given plenty of opportunities to begin to participate in key roles and activities within the school. This includes playground buddies, transition to Whickham School, swimming and a residential visit.

We aim to create a safe and stimulating environment built on trust and positive relationships allowing children to achieve their full potential.

Year 5 children will be taught by Miss Thielmann and Miss Foley.

Miss Thielmann really likes:

- Looking after her dog, Arnold
- Going on sunny holidays
- Teaching P.E. and learning a range of new sports and skills.

Transition will take place on the mornings of Wednesday 3rd and Thursday 4th and all day Friday 5th.

Welcome to Year 6

Welcome to Year 6, the final chapter of primary school. A year of exciting opportunities, rewarding experiences and challenge! This is the year to shine.

As well as reaching academic potential, there will be plenty of opportunities for pupils to participate in key roles and responsibilities within the school that will equip them for their transition to secondary school.

In Year 6, pupils will be expected to work hard but in return, they are rewarded with many happy memories, lasting friendships and an increased confidence to take them onto their next adventure.

Year 6 will be taught by Mrs McCall and supported by Miss Watkins and Miss Sanderson.

Mrs McCall really likes:

- Spending time with my 2 boys, my family and friends
- All things Disney!
- Teaching maths and making it come to life for everyone

Transition will take place on the mornings of Wednesday 3rd and Thursday 4th and all day Friday 5th.
